ABOUT ME

UI/UX and Web Designer with experience designing responsive websites and digital brand assets for service-based businesses. Skilled in WordPress (Elementor), Figma, and front-end fundamentals, with a strong focus on usability, visual clarity, and performance optimization. Passionate about creating user-centered digital experiences that balance aesthetics with functionality. Currently transitioning deeper into UI/UX design with emphasis on structured design thinking and interaction design.

Technical Skills

- **Design Tools:**
  Figma, Canva, Adobe Photoshop
- **Web Development:**
  WordPress, Elementor, HTML, CSS
- **Integrations & Optimization:**
  Contact Forms, Email Capture Systems, WhatsApp Click-to-Chat

EXPERIENCE

Graphic / Website Designer — 2024 - 2025

Global Sight Travels & Educational Consult | Ojodu-berger

- Designed and developed responsive company websites aligned with brand and usability standards.
- Created marketing materials including flyers, brochures, and social media graphics to support campaigns.
- Improved website structure and layout for better user navigation and engagement.
- Integrated lead capture systems including contact forms and WhatsApp click-to-chat features.
- Collaborated with internal teams to ensure consistency across digital and print materials.

Website Designer (Intern) — 2023

Babs Digital | Abule-egba, Lagos

- Assisted in designing and updating responsive web pages using WordPress, HTML, and CSS.
- Translated design mockups into functional layouts aligned with brand guidelines.
- Tested websites for usability, performance, and browser compatibility.
- Optimized layouts for cross-device responsiveness and cleaner user interfaces.
